### Embrace your city, your past

#### January President's Letter

Dear AHS members,

I hope you are all safe and well, and that you had a wonderful holiday. Let's hope that 2021 will usher in a better year for us all. I am hopeful we will be able to meet again sometime in 2021, now that a vaccine has been approved. I know it has been a struggle for some and lonely for many of us because we have been isolated for so long. We have some wonderful programs and activities lined up as soon as it is safe to meet again. In the meantime, take care of yourselves and hope that 2021 has great things in store for all of us.

**Remembering Aurora**

**Michael Lockwood, Aurora Historical Society**

*An Aurora native, a graduate of the Aurora Public Schools (Vaughn Elementary, North Middle School & Aurora Central High School) and still living less than 2 miles from where I grew up, Aurora has been a big part of my life ever since I was born. Having grown up here, I have several memories that I'd love to provide for your reading pleasure via The Advocate newsletter. For those of you who have Aurora connections that go back as far as the 1950's the recollections presented may bring back waves of nostalgia. And while I have 60 years of memories to relate, if you have some stories you'd like to share, please feel free to contact us at the Aurora Historical web site:*

REMEMBERING: Halloween in the 60's

Today is October 24 and we're wondering if Halloween is going to happen and even if it does, in what fashion. I started remembering those hard plastic masks that had the small eye holes that you

could barely see out of them, and the rubber band that went around your head either broke or it ripped the mask where it was connected. And talk about hot! I'll take a Covid-19 mask over those any day of the week. Of course, before you could graduate to a store-bought costume you had to endure the one that Mom made where you were a hobo or a pirate or a ghost. And then there was the pumpkin carving. I remember how awesome our pumpkin would be and how scary it would look. But in the end, it had two triangles for eyes, a triangle for a nose and a smile that only had three teeth. Not nearly as frightening as I imagined it in my mind. Great times.

Time waits for no man and our history eventually becomes shared memories of people and places. Preservation can help keep those memories a little more tangible so that we can share with future generations.

### Sharon A. Lane Drive

by Juanita Sparks

"Where is Sharon A. Lane Drive?"

It is the roadway that leads from Colfax Avenue to the main hospital building at Fitzsimons Army Medical Center.

Traditionally, the streets at Fitzsimons are named for individuals who have made significant contributions to the United States Army and to Fitzsimons Hospital. The hospital itself was named for Lt. William Thomas Fitzsimons, the first medical officer killed in World War I as the result of hostile fire. Streets on the post are named for many former commanding officers and others who made significant contributions.

Sharon A. Lane Drive is named for Sharon Anne Lane, who was the first Army Nurse killed by hostile fire in the Vietnam War. Lt. Lane was stationed at Fitzsimons General Hospital from June 14, 1968 until April of 1969. She was a general duty nurse on the Tuberculosis Ward and Intensive Care.

In April of 1969 she was sent to Vietnam and assigned to the 312 Evacuation Hospital. She died of shrapnel wounds while on duty at the hospital in Chu Lai.

For just \$1/page you can help digitize Aurora's historic newspapers!

Newspapers like the *Aurora Democrat* and *Aurora Advocate* are saved on microfilm reels which deteriorate over time and are cumbersome to use.

Digitizing this film creates an online and searchable database to find photos and articles from Aurora's past. Through Colorado Historic Newspapers Collection's website, you can already access hundreds of editions of historic Aurora newspapers from the early to mid-20th century.
